

Four Year Graduation Plan – Courses & Critical Benchmarks:

The following is a sample course of study. It is the Student's responsibility to ensure that all program requirements are met. This guide is not a substitute for academic advisement. For more information see the University Catalog at umkc.edu/catalog.

Your path to graduation may vary based on factors such as college credit you earned while in high school, transfer work from other institutions of higher learning, and placement in Mathematics. You are responsible for checking prerequisites to any courses. Critical Courses and minimum recommended grades (as noted below) provide feedback regarding major fit and help indicate likelihood of successful completion of chosen academic program and degree.

Other Information

A minimum of 30 hours must be earned at the University of Missouri-Kansas City, regardless of the number and level of hours earned at another institution. Undergraduate degree-seeking students are required to earn credit in at least 36 hours of coursework numbered 300 and above at UMKC. In the case of transfer credit, the coursework must be numbered as junior-senior level work by the transferring institution. Community-college transfer coursework cannot count towards the 36-hour requirement.

Non-course requirements

RooWriter Writing Assessment
ETS Proficiency Profile (EPP) exam
Major Field (MF) exam

Met

Applied Music Interest Areas: Composition majors must complete a minimum of 10 credit hours of performance-related study via one of the following options:

- A. Complete level 101 thru 301 in any single primary instrument area offered by the Conservatory (recommended for students who audition well on their pre-college instrument or voice and who wish to continue to fine tune their performance skills along with their composition skills).
- B. Complete ten hours of primary/second instrument applied music courses and/or techniques classes (recommended for students who have skills in performance on an instrument that is not in the Conservatory catalog, such as ethnic and electric instruments, and who wish to supplement this knowledge with a broad-based understanding of multiple Western instruments and voice).
- C. Complete six hours of CONSVTY 335 (Electronic Music Composition), plus four hours of level 100B second instrument applied music courses and/or techniques classes (recommended for students whose primary pre-college performance experience is with computers/electronic music devices and instruments, and who wish to both focus their development as performers on high-level musical production of sound and to broaden their basic understanding of standard Western instruments and voice).

Ensembles: BM Composition majors must enroll in a minimum of four as a performer in any for-credit Conservatory class that includes faculty supervision and at least one public performance by multiple performers. These can include, but are not necessarily limited to, standard large and small Conservatory ensembles, chamber music enrollment, the Radical Art Technology ensemble, the Creative Collaborations: Ideas and Strategies class, and new ensemble opportunities as they may arise.

Policy

The University reserves the right to make changes in courses and course schedules. Students are expected to maintain a quality of achievement significantly above minimum UMKC standards for degree work. Individual student progress will be monitored throughout the program. Satisfactory progress is required of all students for retention in the program. Students are expected to maintain academic standards, perform satisfactorily in courses, refrain from academic dishonesty, comply with the established University and teacher education timetables and requirements, and refrain from unethical or unprofessional behavior or behaviors that obstruct the training process or threaten the welfare of the student or others. Other circumstances involving student behavior will be addressed by the faculty on an individual basis.

Program Description

The BM in Music Composition degree program connects students with leading edge trends in music composition. Focus is on fostering the student's individual and unique voice on a foundation of expert compositional techniques in large ensemble, chamber, vocal and technological genres. Set within a supportive community of 50-60 composers, our program offers mentorship and camaraderie to foster individual growth as an artist and musician. We offer freedom to explore new ideas and techniques in a setting where contemporary music is valued by the whole Conservatory.

Admission Requirements

- Complete the [UMKC application](#) for admission.
